A roundtable discussion was held in a videoconference format with the participation of heads and employees of the anti-corruption and compliance units of JSC “Uzkimyosanoat” and its affiliated industry enterprises.

Employees of the departments responsible for human resources management and the organization of public procurement were also involved in the event.

During the roundtable, special attention was paid to the implementation of tasks outlined at the expanded meeting of the National Anti-Corruption Council held on March 5 of the current year under the chairmanship of the President of the Republic of Uzbekistan, Shavkat Mirziyoyev.

It was noted that relevant measures had been developed at each enterprise in this regard, and practical actions were carried out to ensure their implementation.

In the course of the event, the work performed was analyzed, and appropriate proposals and recommendations were developed to eliminate identified shortcomings.

In addition, the discussions focused on issues related to the high-quality preparation of reports and supporting documents on activities carried out throughout the year at industry enterprises in the field of anti-corruption and prevention of conflicts of interest, as well as their full and timely submission to the Anti-Corruption Agency’s electronic platform “E-anticor.uz”.

It was emphasized that the consistent and effective implementation of the assigned tasks will contribute to the further improvement of the anti-corruption system at JSC “Uzkimyosanoat” and its affiliated enterprises, as well as to achieving high results in the efficiency rating system in this area.
