In accordance with the requirements of the Presidential Decree No. PF-37 dated February 21, 2024, and within the framework of strengthening transparency and corporate governance standards at major state-owned enterprises, JSC "Uzkimiyosanoat" carried out activities aimed at obtaining an international ESG rating.

The Company established cooperation with the international rating agency **S&P Global** and, on February 17, 2025, obtained its ESG rating for the first time. According to the assessment results, the Company scored 29 points and was recognized as the first company in Uzbekistan to receive an ESG rating from this

agency.

As a result of systematic measures implemented in the areas of sustainable development, environmental responsibility, and effective corporate governance, the Company's ESG score increased to 36 points this year.

The assessment primarily focused on the following areas:

- improvement of corporate governance;
- strengthening of the risk management system;
- ensuring information security;
- human capital management.

These achievements confirm the effectiveness of the reforms carried out at JSC "Uzkimiyosanoat" aimed at the systematic implementation of ESG principles and compliance with international standards.
